

EARL – Action Notes from Cramond Community Council (CCC) Meeting

19 October 2006

Cramond Kirk Hall

Present:

Patricia Eason	CCC	William Scholes	Chair, CCC
Kevin Murray	tie Limited	Catherine Jackson	tie Limited
Stuart Szylak	Scott Wilson Halcrow	Local residents	

	Issues / Questions	Response
1	tie updated the Cramond Community Council on the EARL Project. This included information the EARL route and what stage the Edinburgh Airport Link (EARL) Private Bill is at on its passage through the Scottish Parliament.	
2	What are the local benefits of the project?	EARL will provide the Cramond community with the opportunity to travel to the airport via Dalmeny Station. There will also be a modal shift from car to train, resulting in a reduction in the number of cars using the local roads surrounding Cramond. EARL will remove 1.7 million road trips off the road network per year, by 2026.
3	The council members thanked tie for its presentation and confirmed that CCC is very interested in the progression of the project. They added that they would be interested in an Open Day once the project nears construction.	

	Action	Responsibility	Deadline
1	Patricia Eason (Secretary) to confirm a date with Jen Johnston to hold an Open Day.	JJ	TBC
